

# How to make your own Cards Against Humanity: Family Edition

Download this PDF and print it at home. You can use regular white paper, or heavy white cardstock if you have any.

The cards are black and white, so don't worry if you don't have a color printer.

Cut the cards along the lines using scissors or an ancient katana. The more precisely you cut the cards, the easier they'll be to handle later. If you use a katana, we recommend the traditional *jōge-suburi* overhead strike.

You're done!

# Cards Against Humanity: Family Edition Rules

**Cards Against Humanity: Family Edition** is a fill-in-the-blank party game. Each round, one player asks the group a question from a black card, and then everyone answers it with their funniest white card.

To start the game, everyone should wash their hands with soap for 20 seconds and then take ten white cards. The player who most recently pooped begins as the Card Czar and draws a black card.

The Card Czar reads the black card out loud. Everyone else then answers the question (or fills in the blank) by passing one white card, face down, to the Card Czar.

The Card Czar then shuffles all the white cards and re-reads the black card out loud with each one. Finally, the Card Czar picks the funniest combination, and whoever played it gets one point.

After the round, a new player becomes the Card Czar, and everyone draws a new white card to replace the one they just played.

When you're done playing, tell your parents how much you loved Cards Against Humanity: Family Edition — available this fall at participating Target locations for the unbeatable price of \$25!
